

The Islamic Development Bank Group organizes Innovation Day 2017

Jeddah - The Islamic Development Bank Group has invited academics and students to participate in the IsDB Group Innovation Day 2017, which will be held Feb. 8, 2017, at the Bank's Headquarters in Jeddah, where the activities will include an internal exhibition of 30 shortlisted innovative projects/ideas by the IsDB Group staff addressing three Global Challenges on Food Security, Water Resources Management and Health.

The winners of the IsDB Group Innovation Competitions will be recognized and rewarded by Dr. Bandar Hajar, the IsDB Group President, who will also inaugurate the event. The participants will have a chance to visit the exhibition and participate in the Spot Ideation activity.

The IsDB Group Innovation competitions will be divided into three categories, namely, IsDB Group Corporate Innovation, IsDB Group Innovative Projects, and IsDB Group Thematic Innovative Ideas.

The IsDB Group Innovation Competitions were created by the Knowledge Management and Innovation Department to recognize and reward the Group's most innovative thinkers and problem solvers, staff who created new knowledge, addressed organizational and operational challenges and came up with innovative ideas and solutions. This innovative practices of the staff will help the IDBG become a world class knowledge based institution. The competition is organized every two years.
